REMARKS

In response to the Office Action mailed on May 12, 2006, applicant hereby provisionally elects, with traverse, Claims 1-5 (Group I) for examination in the present application.

However, applicant respectfully traverses the election requirement since all of Claims are sufficiently related that a thorough and complete search for all groups would necessarily encompass a thorough and complete search for the non-elected group. Accordingly, it is respectfully requested that the election requirement be withdrawn and that all groups claimed herein be examined.
